## New Era of Technology with ThreeB

🕒 10 hours ago

2023 will be a promising year for the artificial intelligence (AI) industry, as its applications are becoming more useful and simpler. In 2022, we witnessed the rise of artificial intelligence everywhere, from Amazon warehouses to the award podium of a painting contest. The works of artificial intelligence technology can even take orders to describe and draw a picture according to the user's wishes.

## ThreeB NFT Market – The New Trend Of The World

**NFT is spreading strongly in many fields from creation to business, helping a thousand artists and celebrities earn millions of USD from selling NFTs in the world.**

NFT is a type of encrypted asset stored on the blockchain. Unlike cryptocurrencies, each NFT is a unique token that cannot be replaced (non-fungible) or exchanged for each other. Thanks to this characteristic, NFT becomes an ideal means to record the ownership of artworks, unique items, event tickets...ThreeB Technology Ltd - a leading provider of technology solutions in finance has planned to launch their own NFT Marketplace platform in August 2023.
